City Air Ace Hopes

To Return Overseas

OTTAWA, Dec. 11.—(CP)—Canada's highest scoring fighter pilot since D-Day, June 6, Flt. Lt. Don Laubman, 23, DFC and Bar, with a score of 15 enemy aircraft to his credit, is on his way to his home in Edmonton today.

He arrived here during the week-end with a large group of airmen, including one who was shot down in action and is being treated through documentation formalities at nearby Rockcliffe air station, he boarded a train for home.

The former Edmonton grocery clerk was enthusiastic at being home, but he hoped to be back in England shortly after the new year.

Bloody Fighting

Athens' Shelling,

Sniping Continues

By JAMES E. ROPER
Exclusive to The Edmonton Bulletin

ATHENS, Dec. 11.—(BUP)—Hope for an early compromise settlement of the Greek civil war faded today as a bloody street fighting in Athens raged into its second week, with some 20,000 well-armed Leftist troops still sniping and shelling British and Greek government positions in the heart of the capital.

Reputed with heavy losses in an attack on the central government district, the Leftist forces were repulsed yesterday, but the shelling continued.

The early morning attack, by "small formations" of B-2s followed by other attacks, by the huge bombers over the weekend on central Japan and Korea, and the strikes at Tokyo, the Japanese said.

"All fires were put out quickly," Tokyo said in a report today. "Air defenses of the city drove off the raiders before they could do any real damage."

Headquarters of the 21st Bomber Command on Suifu, China, commented on the reported raids today, and today, but confirmed that a "weather strike" just before dawn Saturday.

Border Bastion

Yanks Take town

W of Sarreguemines

WITH U.S. THIRD ARMY, FRANCE, Dec. 11.—(BUP)—American troops captured the big border town of Sarreguemines today.

The schools, under the direction of the British Columbia government, are located at Fort St. John, Blueberry relay station and Fort Nelson. These are all within the active campaign they serve. There are two teachers at Fort St. John and one at each of the other schools. The teachers are wives of men working on road maintenance and are well qualified.

Ninety children attend the schools to date.

The B.C. government now has a definite program for settlement of the district along the highway with in the border of that province. This policy is leading steadily to permanent, rather than transient types of employees along the highway.

The government has supplied 200 buildings for the families of men working on the road and a total of 180 families have already been housed. There are 50 families living along the highway in Yukon.

There are of course many settlers residing along the B.C. portion of the highway.

Chief of Japanese Navy Forces Killed

SAN FRANCISCO, Dec. 11.—(AP)—The death of Vice-Admiral Chichi Naga, "supreme commander of Japanese naval forces" in action on Suipan Island, taking 74 the number of Japanese dead.

The death of Naga previously had been announced by Admiral Chester W. Nimitz.

Naga, who directed the attack on Pearl Harbor and Midway, died July 7. He previously had been identified by Admiral Nimitz as the Japanese commander-in-chief in the central Pacific.

Naga was reported to be 58 years of age and had been in the service since 1912.

Police reserves waiting at all stations throughout the city were not called upon.

British Planes Used

LONDON, Dec. 11.—(CP)—Sixteen hundred American heavy bombers and 800 fighters—the greatest fleet of four-engine craft ever mounted in aerial warfare—raided western Germany's rail centres today with 6,000 tons of explosives and an undisturbed number of RAF heavy bombers added to the weight of the attack on Germany.

The record American heavy bomber fleet was from the British-based United States 8th Air Force and was part of a co-ordinated operation by heavy bombers from all three Allied air forces in the European theatre.

The Lancasters, joined by Mustangs, joined three German cities in the Ruhr before noon. Rail yards and a fuel plant at Oerlinghausen and Bielefeld were the targets.

Eighty-four heavy bombers were shot down, according to German reports. Continued on Page 3, Col. 4

Heavy Fighting Is Continuing Inside Athens

Continued from Page One
 other last night, which left both sides exactly where they were when the hostilities began last Monday.

British Lt. Gen. Scobie took no part in the exchange of personal opinions on the ground that any settlement must be reached between the opposing Greek factions.

RAP bombers and fighters, mostly entered into a "shoot-off" offensive after a week of token attacks against the ELAS positions east and north of Athens a terrific and bloody battle, which was not cleared without the arrival of strong British troop reinforcements.

Well-armed British spokesmen revealed that the fighting was continuing with 15-millimeter artillery, mortars and anti-tank guns, with which they kept up a harassing fire on Scobie's headquarters and the Grand Brigade headquarters. Scobie's government is quartered in a slim prospect for a settlement remained in the hands of Archbishop Damaskinos, orthodox patriarch of Greece, and the Grand Brigade headquarters in an effort to find a workable solution to the impasse.

ATHENS, Dec. 11.—(CP-Reuters)—British reinforcements are being rushed to Athens. It was announced here today as British troops at dawn today began a large-scale sweep against ELAS forces in the eastern suburbs of Athens.

Nationalist Says War Not Fought For Christianity
 QUEBEC, Dec. 11.—(CP)—Henri Chabot, Nationalist member of the Quebec legislature for Quebec County, last night told an anti-communism meeting that this war was fought to defend Christianity "because the Pope did not side with any belligerents and he has not done so."

Mr. Chabot said "if we are fighting in Europe, if our young men are sent overseas, it is because England is at war. If England is at war, it is to protect her interests."

Argentina Places New Restrictions On Enemy Firms
 BUENOS AIRES, Dec. 11.—(AP)—New restrictions have been placed on Axis firms in Argentina which government spokesmen assert will render them incapable of interfering with the Allied war effort. If this assertion turns out to be true, Argentina at long last has fulfilled one of her commitments of the Rio de Janeiro conference of Latin American states in 1941, which called for the elimination of all commercial relations inimical to the security of the western hemisphere.

Most important stage has been reached in the drilling of Ram River No. 3 Production Well

The Maroon Limestone Band Has Been Penetrated

This is a DEFINITE MARKER, established in the No. 2 discovery well prior to penetrating the producing zone. The No. 3 well is located 1,340 feet from No. 2 discovery well.

The Depth of No. 3 Well As of Dec. 4th, 1944

5,036 Feet

The Company's geologic advice that we may expect to reach the producing zone at from 5,500 to 5,800 ft.

Officials of the Company are most enthusiastic on the reaching of the maroon marker, and are confident of the early, successful completion of the No. 3 well.

Sforza Claims Pressure Used To Restore King

ROME, Dec. 11.—(AP)—Count Carlo Sforza said today that Prime Minister Churchill had brought "strong pressure" on him to accept King Victor Emmanuel as the reigning sovereign of Italy.

The former Italian minister would not portfolio—left out of the newly reorganized cabinet of Premier Ivanoe Bonomi after Britain voiced objection to him—and Mr. Churchill's influence on behalf of the king was brought to bear during a two-hour conference in London Oct. 31, 1943.

In a 200-word statement replying to Mr. Churchill's charge that Count Sforza had intrigued against the government of Premier Badoglio and could not be trusted, Count Sforza said he had "left no doubt" as to his attitude toward the monarch.

LONDON, Dec. 11.—(AP)—Britain maintained official silence today on Count Carlo Sforza's assertion that Prime Minister Churchill brought pressure on him to accept King Victor Emmanuel as the reigning sovereign of Italy.

Mr. Churchill has repeatedly emphasized that Britain was determined to keep law and order in all countries where British troops were stationed, a spokesman said, and the prime minister has suggested in most instances the best way was under a legal government already established until the people had the chance to decide for themselves.

Sforza's interpretation of what this meant "is his own affair," the spokesman said.

Laird Cregar, Noted Screen Actor, Passes

SAN ANGELES, Dec. 11.—(AP)—Laird Cregar, 38, massive motion picture character actor, died Saturday night after being stricken with a heart attack.

The actor underwent an abdominal operation last Monday after suffering 100 of his 300 pounds. His physician said he rallied from his heart attack when placed in an oxygen tent but later took a turn for the worse.

British Minister Going to Athens

LONDON, Dec. 11.—(CP)—Harold MacMillan, British minister responsible for the Central Mediterranean, was expected to leave London for consultations with the government, has rushed back to the city.

He was believed to have been in London for consultations with the government, has rushed back to the city.

It was believed that he would proceed at once to Athens to act in the Greek civil war.

Temporarily For Legion Branch On the South Side

Huts which Strathcona Branch No. 159 of the Canadian Legion, has obtained from the U.S. Army at Dawson Creek, arrived in Edmonton over the week-end and are being moved to the south side.

The two huts will be placed in the form of a T with a short section connecting the two.

The huts will serve as headquarters for the newly chartered Strathcona branch until such time as a permanent building can be obtained.

Meetings have been held in the Strathcona Assembly hall.

Parish Was Taken By Allies 60 Days Ahead of Schedule

WASHINGTON, Dec. 11.—(AP)—Paris was taken by the Allies 60 days ahead of schedule, Robert Patterson, United States under-secretary of war, said yesterday in a broadcast address.

The whole of France and Belgium also was cleared "months ahead of schedule" although the Allies had fallen behind the military timetable when they were pushed up the coast, on the Normandy peninsula, he reported.

Then, with reference to the recent phases of the Western Front campaign, Mr. Patterson said: "The time for renewing large-scale operations had to be deferred until the necessary supplies had been again accumulated at the front."

EAM Official Denies Charges By Churchill

ATHENS, Dec. 11.—(AP)—A spokesman for the EAM National Liberation army, made a blanket denial on Saturday of Prime Minister Churchill's charges that the EAM and its military auxiliary, the ELAS, sought to seize power in Greece and terrorize the countryside, but said the present battle would continue until the government of Premier George Papandreu resigned.

Asked by The Associated Press for the ELAS side of the story and for any comment on Churchill's assertions in the House of Commons on Thursday regarding British armed intervention in Greece, the EAM-ELAS group, through a spokesman, declared:

PASSED UP CHANCE
 "If the ELAS desire to take over the fate of authority, they could have done so immediately after the liberation of Athens, when there were no Allied troops, or sufficient police or Quelling forces in the capital."

"This dispatch came through the Allied command in Athens, which is under British and Greek government control. It does not identify the ELAS."

In response to Mr. Churchill's statement that there were German troops in ELAS uniforms, the spokesman declared: "The only German among the ELAS was a deserter and a spy. He was caught and sent to the ELAS and was used as a deserter and a spy. He was caught and sent to the ELAS and was used as a deserter and a spy."

"For 30 days after liberation nothing was done as promised by Papandreu in his speech. On the 31st, the ELAS was aware of plans to use their military force to restore the king. For this reason, we decided to act against the king's restoration. We decided to act against the king's restoration. We decided to act against the king's restoration."

While speakers criticized the attitude of the Conservative party, they were not satisfied with the activities of labor ministers because they were "specially single them out for attack."

14,200 Members In Credit Unions

Credit union membership in Alberta stood at 14,269 at the end of October, according to a government statement released Monday.

Since inception of the movement, the amount has increased by 163 units.

The report shows 347 co-operatives operating in the province at the end of November. Eighty-nine stores were listed, along with 54 livestock marketing organizations, 39 farm supply stores, 18 livestock feeder associations, 18 poultry product co-ops, and 41 survey associations.

Cruiser Sunk

LONDON, Dec. 11.—(CP)—The Polish cruiser Dragon was damaged in action with the enemy during operations before the Allied invasion of France and was later sunk as one of the blockships which formed breakwaters for the artificial harbor off Normandy.

D-Day, the Polish naval staff in London announced Saturday night.

Promoted Will Permit Men on Leave To Vote Here

Alberta soldier vote regulations will be changed to permit servicemen on leave during the voting period to cast their ballots in this province, it was learned Monday from Hon. W. A. Fallick, minister of defence.

While the amending regulation will permit men to vote, it will not extend or alter any qualifications of voters. According to information received by the government, as many as 7000 servicemen from Alberta may be home on leave during the voting period, between Jan. 8 and 20.

An order-in-council concerning the proposed changes was drafted by the attorney-general's department and will be signed sometime this week, Mr. Fallick said.

WHO CAN VOTE
 Present regulations allow members of the army, navy or air force, including auxiliary services, who are British subjects and resident in Alberta for one year out of the two years immediately before enlisting to vote. They are disqualified if they were in the Aug. 8 provincial general election.

Thirty-two candidates have been nominated for election to the legislature under service vote regulations. Three are to be elected, one from the army, navy and the air force.

Chief returning officer for the voting is James Thomson, Edmonton, who has headquarters here. He is assisted by Phil Dand, and David Duncan, Edmonton, also. Other returning officers are A. P. Van Huren, Calgary.

TAKE HEAVY TOLL
 Several east coast Luftwaffe squadrons joined battle with the Red Air Force over the chokel road and road lines to Vienna in a last-minute attempt to save their marching columns from slaughter, but Moscow said the Soviet forces were taking a heavy toll of German troops and transport.

Frontier German rearwards remained in the barricaded streets of the capital and along the flanks of the Red escape corridor, but Moscow indicated they could do little more than delay the Red Army entry into Budapest.

Earlier reports had indicated that the bulk of the German and Hungarian garrison was digging in for a death stand inside the city, but the Moscow dispatches suggested this activity was a ruse to cover the evacuation.

France, Soviet Sign Treaty Of Assistance

MOSCOW, Dec. 11.—(AP)—Gen. de Gaulle carried his mission to Moscow with a treaty of alliance and mutual assistance with Soviet Russia signed and started for home in France.

The treaty, the text of which will be made public later, emboldens Russian leadership to remove the menace of German aggression. It envisages "until complete victory" and joint measures to safeguard France from any aggression after the war.

FILLS DEFENCE GAP
 It paralleled the 20-year alliance between Britain and Russia that was signed in 1941 after Germany invaded the Soviet Union, and fills a gap in Russia's military forces in the west where she started building a ring around Germany after the Russian Revolution.

Gen. de Gaulle, in a formal goodbye, ending his 16-day visit, declared:

"I am sure the days we have spent here will leave a mark in a history of this war and I believe too they will leave a mark in the peace for the good of all men."

The Russian and French negotiators kept Britain and the United States informed of all developments during the negotiations.

Plan to Contest All Vacancies Page Declares

The Independent party will contest all by-elections called in Alberta, it was decided at an independent executive meeting held in Calgary over the weekend.

According to J. Percy Page, Edmonton, president of the party, the independents look to a by-election in Warner constituency, now represented in the Legislature by Hon. Sen. K. Low, national leader of the Social Credit party. Mr. Low is reported to have accepted nomination in the Peace River federal riding, and to run would have to resign his seat in the Legislature.

James Walker, former Progressive provincial leader, was defeated by Mr. Low in the August 8 election.

MAY HOLD CONVENTION

The meeting discussed possibilities of a provincial convention, and it was decided to hold one within the next year, possibly in the fall. Factors entering into calling the convention would include a possible Dominion election next spring and the war situation, Mr. Page said. Those attending the executive meeting had no thought of the party meeting, the provincial field, he said.

Mr. Page was named house leader of the independents for the coming Legislative session.

J. Edgar Innisfield, was named to executive to fill a vacancy. A second vacancy will be filled in the future by a north appointee, who will be chosen by executive members from Northern Alberta.

miles northwest of Duren, advanced toward Hoven and Marbach, some 20 miles north of Duren, 35,000 astride the Roer. The Americans were fighting inside a half dozen towns and villages along the front between Schoepfheim and Grev, the whole length of which was sagging back through the air striking distance of the Roer.

The battle swayed through the streets of Merode, Pfl and Schoepfheim, the latter of which had been bombed with "excellent results," a front report said.

CAPTURE HAGUENAU

A division of the Franco-American Seventh Army today captured Haguenau, biggest transport center still in Nazi hands in northeastern France. A dispatch from Haguenau said the Germans were withdrawing toward the Maginot fort 20 miles north of the town.

The British and Canadian northern front remained static apart from RAF attacks on German railroad lines and V-2 launching sites and infantry patrol actions. Canadian First Army troops raided an enemy position 10 miles northeast of Nijmegen, killed a number of Nazis, and returned with twenty prisoners.

In Central Holland, German positions slowly were being flooded as waters poured through a 300-yard breach knocked by RAF bombs in a dam 12 miles northeast of Nijmegen.

THREAT MOUNTING

The American threat to Duren, an industrial town of 30,000, along the Roer river 22 miles southwest of Cologne, was mounting hourly as Lt. Gen. Courtney H. Hodges' First Army stepped up their new offensive.

Capture of the west bank portion of Duren would collapse the last sizable enemy pocket west of the Roer and bring the Americans abreast of the stream along a front of nearly 20 miles.

Lt. Gen. George S. Patton's Third Army hacked its way deeper into Germany's old and new West Wall defenses along a front stretching principally from Dillingen, two and a half miles northwest of Saarbrücken, to the Sarreguemines area, nearly 25 miles to the southeast.

KNOCK OUT PILLBOXES

In the past 24 hours alone, Third Army troops and tanks have knocked out 25 pillboxes and 30 fortified buildings in the area in house-to-house fighting in the Saarbrücken and Sarreguemines sectors. The Germans counter-attacked at least 11 times along the front, but

Hope to Turn Tide Nazis Gathering Forces For 1945 Counter-Blows

By E. V. JONES

LONDON, Dec. 11.—(AP)—Reports reaching London from many sources indicate that Germany is gathering her forces—including two new V-weapons and a new type of submarine—for a 1945 counter-offensive which she hopes may turn the tide of the war.

Two enemy V-weapons—the flying bomb and the rocket bomb—already are in use against southern England and continental points. German production chief Albert Speer was quoted as saying recently that "V-2" would be ready for use against New York before the next year and now there is talk in Germany of "V-4," the next step as to its nature.

Meanwhile it is a matter of official knowledge that the Ger-

mans have developed a submarine equipped with radical new devices for underwater breathing and it is possible that some of the craft may even now be at sea. Known as the Seehund, the new submarine, the new vessel has been dubbed the "Snorgs" by the British.

London newspapers have told readers that swift hit-run raids by jet-propelled planes are possible, and that England can expect V-bomb attacks until the Nazis die in their last spasm of resistance.

"The Germans will have a lot of fight in them," said the London Herald, but declared that the enemy's manpower shortage and Allied air superiority are factors operating against the enemy.

landed in France. On July 2, he destroyed two Focke Wolf 109s—his first two kills.

Sept. 27 was the red-letter day in the life of the young Edmonton pilot. Just shortly after the airborne landing in the vicinity of Arnhem, the Canadian Spitfire ace was working from early morning until late at night and Laubman finished the day's work, three sorties, with a total of four enemy aircraft destroyed and two damaged.

In addition to his score in aircraft destroyed, Laubman can look back on 13 trains destroyed and a number of dive bombing attacks. He seems to get as much delight out of the destruction of a train as an enemy aircraft. "It's a great sight to see your strikes on the locomotive, and then watch the steam go shooting skyward," he boasted.

SAYS HE'S "LUCKY"

Laubman explains his success like this: "I was extremely lucky; I was in the right place at the right time; and we were flying a superior type of aircraft and that means a great deal."

A brother, P.D. Bill Laubman, is an operational train unit in England. His father is Regimental Sergeant Major of the 2nd (R) Battalion, The Loyd Edmonton Regiment.

Congratulations?

SAN FRANCISCO, Dec. 11.—(AP)—Emperor Hirohito of Japan sent congratulations to the crews today to Adolf Hitler and Benito Mussolini on the third anniversary of the signing of the Japanese-German-Italian military alliance, the Dornier agency reported.

The CCF has not yet named a candidate.

It is expected a meeting of the association will be held next Saturday to nominate Gen. McNaughton formally.

LONDON, Ont. Dec. 11.—(CP)—The Progressive Conservative party will not certainly contest the federal election in Grey North constituency, Harry Willis, the party's federal chairman for Ontario, said in an interview today.

"We have a vigorous candidate in Mayor Garfield Case of Owen Sound and we intend to make a real fight for that seat," said Mr. Willis.

Ask Germans' Help To Rout Out Nazis

NEW YORK, Dec. 11.—(AP)—A proclamation issued yesterday in the name of Gen. Eisenhower asked the aid of the German people in routing out active Nazi individuals and warned them to avoid "suspicion of compliance" with secret Nazi efforts to obstruct the Allied military government.

The proclamation, reported by the United States office of war information, was the seventh in a series explaining Allied plans for Germany. It told the German people that under Allied military government their right to their own property would be respected, but that they would not be permitted to retain what rightfully belongs to others.

The Germans were told that their

the mainline rail centres of Frankfurt, nearby Hanau, and Giesheim. One fighter group left the bombers and dived down to explode eight locomotives near Kassel.

The parade of bombers across the east coast of England early today treated Britons to one of the greatest spectacles of the war.

The roar of 7,000 aircraft engines filled the air as the bomber formations flew out in deep layer formations.

USE 17,000 AIRMEN

It was estimated that almost 17,000 pilots, navigators, bombardiers and gunners were in the skies over Germany.

An 8th Airforce spokesman said every main rail line leading from industrial centres in central and southwestern Germany to German defences in the west has been ripped apart by British and American bombs in the last week.

Fifteenth Air Force heavy bombers from Italy bombed the Moosbierbaum refinery, 22 miles northwest of Vienna, ordinance and freight yards in Vienna, and railroad yards at Graz in Austria.

LIMA, Peru, Dec. 9.—(AP)—The Peruvian cabinet has been reorganized, resulting in a ministerial crisis, it was disclosed Saturday. Finance

They went away to war as boys,

straight from a world that was filled with boyish hopes and dreams, a world remote from suffering.

They will have aged. All will bear mental scars. For them, the last great beach-head will be the landing on the shores of Canada, and the re-entrance into civilian life.

Let us give them—not sympathy, but understanding, not charity, but the chance to fit themselves quickly and easily into the ways of peacetime living... the chance to recapture the years of youth and the bright opportunities they put aside so that Victory might be ours.

CCF Calls For Definite Policy In Freed Lands

OTTAWA, Dec. 11.—(CP)—The CCF is gravely concerned at the lack of a clear democratic policy toward countries formerly occupied by the Axis powers, and calls on the Canadian government "to press for the immediate formulation of a proper United Nations policy to secure the establishment of democratic institutions in all liberated countries," said a statement issued Saturday following a national executive meeting.

The statement said the present situation in Italy, Greece and elsewhere "Shows a lack of support for the democratic people's movements and a readiness to impose, even by force, unpopular or created elements for reasons of power politics."

"It also indicates apparent disagreement among the major powers, which is fraught with danger for the future peace of the world."

PUNISH FASCISTS

At the recent CCF national convention in Montreal the party had stated that United Nations policy toward liberated countries should ensure the punishment of "Fascist rulers and all collaborators, and provide co-operation with democratic people's movements rather than with discredited monarchs and reactionary forces."

The executive said it was believed that this was policy favored by a majority of Canadians.

Because of the part played by the Canadian people in the war and their contribution to the common cause, they had a vital interest in seeing that the democratic purposes of the war were fulfilled.

"Canada must insist on her right to express her views on matters vital to the future welfare of the world," said the statement.

Frank Scott of Montreal, national chairman, presided at the executive meeting, which was attended by M. J. Coldwell, national leader; E. H. Duffell, Ontario provincial leader; David Lewis, national secretary, and CCF members of parliament.

The appointment of 22 additional Quebec party organizers was approved.

Bakers Accept Wage Agreement

WINNIPEG, Dec. 11.—(CP)—

Winnipeg bakery workers, who threatened three weeks ago to strike unless wage and working conditions in the industry were improved, accepted Saturday night a compromise schedule of wage adjustments reached earlier at a meeting of representatives of the four bakeries involved and the employees before the Manitoba regional Labor Board.

The increases vary from \$1 to \$2 a week.

THE 5,000 spectators at the re-opening of the Arena on Saturday night couldn't work up much enthusiasm over the manner in which Lady Luck looked to be smiling on the Bruins. However, they were quick to respond to the excellent skating program and the junior pucksters also were accorded a good reception.

The numbers game played by the Bruins was a family affair—Eddie Macdonald, Rosemary and Lillian—and the comedy duo, Fred Astle and Bob Blackett, constituted nothing short of high class entertainment for the performers well merited the ovation which they received.

Undoubtedly there have been better games played in the Arena than the EAC-Canadian league session, but then it must be remembered that the boys all started from scratch just 12 days before—also that their average age is considerably younger than those of other teams. Maple Leafs and South Side, the others in the four-club loop start Wednesday night.

HERE AND THERE
CANADIANS appeared to have a more sure, plucky game than their opponents on Saturday and it looks too as if they may come up with a winning streak in the early part of the season. Coach Clarence Mohr's team will all decide to wear new uniforms. Bill Drever, mentor for the EAC juniors was not so well fortified in reserve Saturday.

Meetings Start Today

Late Judge Landis Elected To Baseball's Hall of Fame

NEW YORK, Dec. 11.—(AP)—Election of the late Commissioner Kenesaw Mountain Landis to baseball's hall of fame drew unanimous approval from representatives of the 16 major league clubs arriving yesterday for a three-day series of meetings starting today.

Judge Landis was unanimously elected at Cooperstown, N.Y., Saturday, at a special meeting of the hall of fame committee.

As Judge Landis took his place with such notables as George B. Sullivan, Dan McGraw, Sr., John J. McGraw and Connie Mack, it was apparent that his name to the diamond car would be named at the annual mid-winter session of the American National Circles hold separate meetings today and Tuesday and continue Wednesday to consider matters arising from Judge Landis' death.

Curling Plumbers Open New League

The Plumbing and Heating Curling League got away to a fine start Saturday afternoon at the Alberta Ice, curling rink President Thornton A. Graham of Western Plains right, no mean curler in his own right, has the first rock, and the battle was on.

In the first encounter the "Hobbs" team, captained by American curler, who has had plenty of experience "bringing them home" in the Edmonton arena, took the spoils, led by his team to a 10-8 victory over the "Marcs," skippered by the McGarrigle of Crane Limited.

In the second game of the afternoon, Skip Andy Hamilton and his "Comets" came shooting down in front of the "Marcs," skipped by J. F. Fitzgerald, who after his defeat to the long lay-off of the summer months, to the tune of the "Comets," was well ahead of the plumb line league when they all seem to be able to make a "rock" as well as a wrench. The next draw, Dec. 16, will bring together "Annie" and "Marcs" in a "shoots" and "Marcs" vs. "Marcs."

Capitals Hold Western Lead

Bisons Whip Lowly Flyers 7-1

BUFFALO, N.Y., Dec. 11.—(CP)—Buffalo Bisons, leaders of the American Hockey League's quarter division, breezed to a 7-1 victory over the lowly St. Louis Flyers last night before 7,798 spectators.

Gordon Davidson, Roger Leger, Paul Murdoch, George Buchanan, George Fargher, Les Henderson and Kenny Kilrea scored for Buffalo.

Leafs Play South Side Wednesday

Lead Detroit Into Second-Place Tie

OVER 5,000 saw the Canadian Athletic Club tonight carry a 5-1 victory over the EAC rivals in the opening game of the season, as hockey returned to the Arena on Saturday night after a three-year interval. Maple Leafs play South Side on Wednesday at 8:30 p.m. in the second of the City Junior League schedule.

Leafs' John Ripien shared in the goal scoring by tallying two goals during the middle session. Cyril and Eddie Thomas scored two each. Eric MacDonald counted for EAC with two goals, but Jim Sloup made sure that the Leafs were not out of the game.

Bruneteau Brothers Net Two Each

Bruins Bow 7-6 to Red Wings After Winning 5-3 at Toronto

DETROIT, Dec. 11.—(AP)—Detroit Red Wings, with the Bruneteau brothers, Modere and Eddie, accounting for four goals, defeated Boston Bruins last night for the fourth time this season, 7-6, in a National Hockey League game before a crowd of 12,926. Bruins won 5-3 at Toronto Saturday night.

The score was tied three times before the Red Wings went out front to stay in the last 10 minutes of the game on Mud Bruneteau's back-hand shot and Steve Wechy's payoff goal past Boston goalie Harvey Bennett.

That made the score 5-3 and Boston made a final futile gesture with Cuckley's unassisted marker in the last five seconds.

Each of the Bruneteaus pounced in two Detroit goals. Mud added a pair of assists in the loosely-played encounter that saw Bennett stop 30 of the Red Wings' 53 shots. Goalie Harry Lumley had 18 saves for Detroit.

Hope to Expand Intercollegiate Lacrosse in U.S.

NEW YORK, Dec. 11.—(CP)—Post-World War expansion of lacrosse was discussed at the 62nd annual meeting of the United States Intercollegiate Lacrosse Association here yesterday with plans being made for international games with Canadian universities and colleges.

Richard Hargrave, vice-president of the Quebec Lacrosse Association, represented the Canadian Lacrosse Association at the meeting. He said several Canadian officials will attend next year's meeting out of which may come an international Lacrosse Association.

Field lacrosse is played in the United States by 10 men in a side and at yesterday's meeting discussion centered in a possible switch to box lacrosse, as played in Canada, with seven men in a side. No change in the rules but representatives from New York, Philadelphia and Baltimore expressed themselves as in favor of formation of a post-war five-team box lacrosse league.

Each team in the proposed league would play a home-and-home schedule in a league round of teams in Ottawa, Montreal, Valleyfield, Quebec, Cornwall, and Lacrosse and Quebec City.

Today's Sport Parade

—By Jack Cuddy

NEW YORK, Dec. 11.—If the major league baseball moguls take their contemplated sock at pro football next week, it may blast the pro grid owners of their long time lethargy and force them to consider seriously building their own stadium.

The annual meetings of the National Football League and the American Football League in New York next week are expected to adopt a proposal, sponsored by Ed Barrow, president of the New York Yankees. This proposal would ban pro grid teams from all major league parks until the baseball schedule of the home club is completed.

Last week's minor baseball meetings at Buffalo, N.Y., set the stage for major circuit action. Representatives of the minors laid the pro, playing sport as infinitely and unfair competition until after the end of the baseball season. The International League was particularly aggrieved because the Chicago White Sox and Washington Redskins had competed with the Little World Series at Baltimore by staging an exhibition game that drew more than 40,000 fans.

TURF BADLY TORN UP

MEANWHILE Ed Barrow of the Yankees lifted the flaming sword last September 17th, when he told the National Football League that the Yankees would not play in Philadelphia's game at Philadelphia. The Yankees' position was that the game would be postponed 24 hours because Shibe Park's turf had been badly torn up the previous night by a pro football game which was played in the rain. The rain continued and forced the Yankees' position to be shifted to the fact that the game had not been played in New York but that it did not cost Barrow.

Major league baseball now is played from mid April through September and sometimes into the first week of October. Pro football—in its national league at least—has gradually been moving in on the late baseball season. The Washington Redskins, for example, played an exhibition with the March Field Pilots at Los Angeles last September 26th.

If the hostile outfields are banned from major ball parks during the overlap period in September, it may force the football managers to follow Red Grange's advice and shut their own stadium, when the war is over.

WANTS FOOTBALL STADIA

GRANGE, head of the United States Pro Football League, has been campaigning for years to have grid owners build stadia designed especially for football. He advances three principal reasons: (1) They would eliminate early season baseball; (2) They would eliminate the weather gamble; and (3) They would provide better visibility for the fans.

It is Grange's suggestion that the new football stadia be movable roofs that can be telescoped out of the way in good weather, but drawn back in place in bad weather. This would prevent many of the clubs from suffering financial losses on days when rain or snow keeps away the crowd. Clubs like Washington and the Chicago Bears sell most of their tickets in advance, like colleges, but the others are not so fortunate. They depend upon game day sales, which in turn depends upon the weather. Eliminate the weather hazard, says Grange, and pro football should be profitable for every outfit that touches it.

Huddersfield Clings to Lead of Northern English League

LONDON, Dec. 11.—(CP Cable)—Fast-breaking Huddersfield, with only two more matches to be played in the league north football championship competition, clinging to a one-point lead atop the league standings Saturday as other games throughout the country produced heavy scoring.

Huddersfield, weakened by the absence of its stars who played at the big exhibition match at Bradford between the British Army and the Football Association all-star side, edged out Leeds United 32 before a home crowd of 15,000.

The victory left them one point ahead of Sunderland who, also slumping at home, trounced Darlington 6-2 while third-place Derby smashed host Middlesbrough 1-3 with Top Derby scoring three times. It was Derby's eighth consecutive victory.

A crowd of 15,000 saw the Army victory.

TORONTO, Dec. 11.—(CP)—A behind-the-scenes glimpse of what Winnipeg is doing in promoting hockey for youngsters gives an inkling of the reason why the rest of Canada looks to the West for ice talent, and why the western hockey bodies have had to put up the barriers in self-defence.

... Maurice Smith (Smithy of the Winnipeg Free Press) reveals there are 67 teams ranging from amateur to junior in Winnipeg. Last year there were 39 teams in this venture. ... That picture is repeated in different ways in practically every western community of any size. It was probably only natural that with such an extensive supply of young talent, eastern junior teams would rather import players than go to the time and trouble of developing their own. ... Now that the source of supply is cut off, more attention may be given to production on the western home front.

By Robt. Ripley Webb Suspended For Two Months

LONDON, Dec. 11.—(CP Cable)—

Danny Webb, sensational cage boxer from Montreal who has been making a name for himself in Britain, was suspended yesterday for two months for the poor show he put on in a fight last Nov. 18.

The decision, announced by the British Boxing Board of Control, arose from a fight between Webb and Kid Tanager, British Guiana (15 yrs old, lightweight) and featherweight champion, which the referee halted in the fourth round and called a no contest.

In addition to the suspension, the piras of both boxers were confiscated.

The decision hits Webb hard. It means that four scheduled fights in Bristol, Nottingham, London and Glasgow, will have to be cancelled with an estimated loss of purses of £1,500 (about \$4,500).

Tanager also was suspended.

Family Principles Said Vital In Program of Reconstruction

On Way North

In the program of social reconstruction, the Chamber of Commerce family principles must be applied to economics, politics and society. Harold L. Weir, associate mayor of the Edmonton Bulletin, told the audience when he addressed the final meeting of the Catholic Laymen's Forum Sunday afternoon.

Speaking on the subject of "Social Reconstruction and the Family," Mr. Weir said "We must think of the family, not as something to be influenced by and shaped by social reconstruction, but as something after which social reconstruction must pattern itself."

"In short, in our program of social reconstruction, we are not concerned so much with the family as with the family's influence, conferring benefactions upon the family, with the family's influence."

INDIVISIBLE UNIT

The speaker said the family is the ultimate and indivisible and indivisible social unit, and all reconstruction of whatever kind, must aim at the strengthening and protection of family life in its finality.

There are three fundamentals of our Christian world community, he said, "the family," Mr. Weir said, "the three freedoms, if you like, upon which the Christian world must be founded. These three freedoms, as they exist in the family, are the freedom of the individual, the freedom of the community, and the freedom of the world."

J. H. Sissons, General, Prairie, Liberal member of Parliament, who arrived in Edmonton Monday on his way to his home after attending the special session. He said that the session was interesting, and was remarkable because of the small amount of rancor that existed between the different parties, and that the speaker debated the manpower

freedom and economic freedom." The speaker pointed out that the name of the church is not the name which a Christian family would give to its children. He exhorted the congregation to make a personal decision to believe in Jesus Christ, the Son of God, King, He will move for Grand Rapids.

Prayer Monday

Prayer Monday is a national day of fame for every citizen who has ever played about on the streets of Grand Rapids. It is not one word about God, who is Truth.

In the beginning was the Word and the Word was with God and the Word became flesh and dwelt among us. The same was in the beginning with God. All things were made by Him and without Him was nothing that was made. He was with the light in the light in darkness, and the light shined in darkness. And the light was the life of men.

"There is the story of the world for you in the words of St. John."

The third thing the Christian world community should ensure is Christian or family principles in economics, the speaker stated.

"It is not right nor Christian that man should be crucified on any cross of gold. There is no such thing in the family. The family gives; it doesn't lend. No eastern and southern Europe prolonged the war with Germany past Dec. 7. The unofficial service publication says:

"Since D-Day in France,

father seeks to perpetuate his authority by hanging a load of blame on the shoulders of his children's necks. No father would jeopardize the welfare of his children by farming out to private monopolies the right to give or withhold the means of securing the necessities of life.
